We rescored Blades Elementary for all 11 Principles for the 2013-2014 school year. Character Team also discussed Packs. We reviewed upcoming plans, and spoke briefly about plans for bucket celebrations.

#### PBIS Team:

- We created an office vs. classroom discipline chart  
- Hung bathroom routines in each stall

**Technology Team:** Technology Team started planning the end of the year process for labeling and storing technology equipment. Continue Google Training is being offered.

**Student Achievement Team:** We went over the BUG Club routine and goal sheet. We chatted about Career Day and explained we are looking for people to ask to present that day.

All staff members participate in Professional Learning Communities, every other week. The Professional Learning Communities include Student Achievement, Technology, Character Education and PBIS. The PLC co-chairs give an update to the entire staff at the end of each meeting and it is also sent out daily via email.

"We help people with work and problems. I help Blades be a better place by getting people excited about charities. I think it makes other students feel proud of their school because they are helping." Lexie 5<sup>th</sup> Grade Character Club member and Peer Mediator
